

1st Trans-Asia IWA Young Water Professionals Conference on

Smart Technologies for Water and Wastewater Treatment

Call for Papers

16th - 19th December 2020
Vellore, INDIA

Organised by

Co-organised by

Smart Technologies for Water and Wastewater Treatment

Water has made its way into almost every aspect of human life and has become the most indispensable natural resource. However, various anthropogenic activities are threatening its very existence. If the judicious utilization of the remaining supplies is to be ensured, it is our responsibility as human beings to search for viable alternatives. Fulfilling the growing demand and evading a global water crisis requires the community to develop and innovate new prospects in water technology to provide sustainable solutions. Hence, we propose to convene IWA - YWP First Trans-Asia Conference on Smart Technologies for Water and Wastewater Treatment at VIT, Vellore from 16th - 19th December, 2020.

The International Water Association

The severe water challenges that the world faces today require a united global response. With representatives from more than 130 countries worldwide, the International Water Association (IWA) forms the largest international network of water professionals working towards a world that is water wise. They focus on a wide range of areas that contribute to effective water management across the world. The innovative and service-oriented solutions to various challenges will be rigorously debated amongst the members and then fomented. The International Water Association is an open, yet ordered platform on which both innovators and adopters of new technologies and approaches can generate creative friction. It is definitely a place for the diffusion of thoughts and an evidence of success establishing benchmarks of their own.

Young Water Professionals

IWA invests in Young Water Professionals by empowering them within the association to plan their course of work in the water sector. The Young members will be able to build their careers through this network, by connecting and contributing to the water sector, developing professionally as well as gaining a noteworthy profile. It is clear that the water sector should invest in recruitment, management and development of young staff, as well as put them at the forefront of designing current change processes. It is not a concern of the future, but the present and now!

Vellore Institute of Technology

Vellore Institute of Technology (VIT) was founded in 1984 as Vellore Engineering College by the Chancellor, Dr. G. Viswanathan. Since its inception, the institution has grown exponentially into the organization of repute that it has become today. It was conferred the university status in 2001 in recognition of its excellence in academics, research and extra-curricular initiatives. VIT has been consistently ranked among the best institutions of the country, and is aspiring to emerge as a global leader. The National Institution Ranking Framework (NIRF) of the MHRD, Government of India, has identified VIT as the best Private Engineering Institution in India.

Goals of the Conference

The rapid rate of degeneration and deterioration of water has become a serious global concern. Innumerable efforts are being taken to reinforce the judicious use of the fast depleting water resources. Technology primarily plays a significant role in the advancement of wastewater management techniques. IWA Technoscape aims to achieve the following goals that serve a pivotal role towards inaugurating a sustainable environment :

- Bring together water professionals to address the existing state of water resources, contribute plausible ideas and inculcate better water management practices to meet the colossal demand.
- Offer a platform to share prodigious knowledge about advanced and smart technologies for water and wastewater treatment.
- Provide a holistic view on the latest water research and insights on some of the modern technologies such as IoT, Remote Sensing and Geographic Information System (GIS).
- Focus on transdisciplinary research to facilitate a systematic approach towards challenges.

Themes

01. Wastewater and Water Reclamation / Reuse
02. Storm Water, Green Infrastructure and Wet Weather Management
03. Optimal management of water resources
04. Ecosystem- Engineering, Management and Restoration
05. Sludge stabilization, Utilization and Disposal of Industrial wastewater
06. Water Governance
07. Smart/Innovative treatment technologies involved in wastewater treatment
08. Hybrid and Novel Desalination processes
09. Sustainable Development Goals - SDG6
10. Non-Revenue Water Management and Ecological Sanitation
11. Energy/Resource Recovery and Reuse
12. Agri-Industrial wastewater management
13. Smart Farming
14. Digitalization of water
15. Hydro-Informatics
16. Mathematical Modeling and Optimization
17. GIS and Remote sensing
18. Big Data/Data Analysis

Submission Procedure

Authors willing to have their papers considered for Platform, Poster or Three minute thesis presentation, may submit an abstract (max 2 pages) via the IWA-YWP Technoscape online submission and review portal. A template can be downloaded from the conference website. All submissions will be assessed based on their scientific content, novelty and relevance to the scope of the conference and selected after recommendations from reviewers.

Publications

Authors of the papers accepted for the conference will be given the opportunity to publish their work in the supporting journals. The acceptance is subject to peer review by the Conference Scientific Committee and payment of registration fee. The conference will be supported by IWA and Springer indexed journals like

- Water Science and Technology (IWA Publications) - <https://iwaponline.com/wst>
- Water Practice and Technology (IWA Publications) - <https://iwaponline.com/wpt>
- Water Supply (IWA Publications) - <https://iwaponline.com/ws>
- Environmental Chemistry Letters (Springer Publications) - <https://link.springer.com/journal/10311>

Registration

	Low Income Country			High Income Country		
	Early Bird	Regular	Onspot	Early Bird	Regular	Onspot
Non - IWA	200 €	300 €	400 €	400 €	500 €	600 €
IWA	125 €	200 €	300 €	250 €	350 €	500 €
YWP (Student)	100 €	150 €	200 €	175 €	275 €	400 €
Accompanying Delegate	75 €	100 €	150 €	100 €	150 €	250 €

*VAT excluded;

**IWA to provide specifications, sponsor to provide merchandise/artwork

- Check IWA High/Low income country classification here - <https://tinyurl.com/y67gxep1>
- A student is defined as a holder of student identification card from a recognised higher education institution or a holder of an international student card. Proof of student status is required and should be sent to iwatechnoscape2020@gmail.com at the time of registration.
- For Cancellation and Refund policy, kindly refer to the website.

Destination

INDIA

India is a land of unparalleled beauty ranging from snow-capped mountains to hot deserts. It is endowed with a variety of landscapes, natural features and weather conditions and moments of magic await the explorer in every state, in every corner.

There exists a myriad of cultures comprising influences which also include Portuguese, Dutch, French, Mughals, Persians and British nuances. Agriculturally driven, the country is home to lush paddy fields, spectacular sunrises, colorful places of worship and rock cut structures and pristine clear waters that offer a wonderful experience.

TAMIL NADU

Tamil Nadu, India's southernmost state has a lot to offer with unique festivals, the classical language 'Tamil' and the people who epitomize the Indian tradition of putting guests before oneself.

Its ancient architectural marvels go as far back as two millennia of which some are world heritage sites. The fervor of fans, their unique love and frenzy for cinema and the culinary experience can rival even the best in the world.

It has a beautiful 1000 km coastline, with golden sands, lush vegetation and twisted gorges cascading into a series of spectacular waterfalls. Not to forget the juxtaposition of 'Shola forest and grassland ecosystem' and the beautiful mountainous regions.

VELLORE

"They've kept the tale a hundred years, They'll keep the tale a hundred more" – Sir Henry Newbolt

With its bright blue sky, the hillocks and the hot sun, Vellore, 'The City of spears' is located on the banks of the River Palar in Tamil Nadu. The magnificent Vellore fortress in the heart of the city is the finest and one of the best-preserved specimens worthy of being called a marvel of military architecture. The city surrounded by hills, facing the lovely sundown, puts on a purple tinge like a heather bloom to greet us with tropical temperature.

Committee Members

CHIEF PATRON

Dr. G. Viswanathan, Chancellor, VIT, INDIA

PATRONS

Dr. Sekar Viswanathan, Vice President, VIT, INDIA

Dr. Sandhya Pentareddy, Executive Director, VIT, INDIA

STEERING COMMITTEE

Dr. Anand Samuel, Vice - Chancellor, VIT, INDIA

Dr. S. Narayanan, Pro Vice - Chancellor, VIT, INDIA

Dr. K. Sathiyarayanan, Registrar, VIT, INDIA

Dr. Shishir K. Behera, Dean - School of Chemical Engineering, VIT, INDIA

TRANS-ASIA PROGRAMME COMMITTEE

Dr. Bhaskar Natesan, Chemplast Sanmar Ltd., INDIA (Chair)

Dr. Bin Yan, Xiamen University of Technology, CHINA

Dr. Cheng-Di Dong, Kaohsiung National University of Science and Technology, TAIWAN

Dr. Eilon Adar, Zuckerberg Institute for Water Research, ISRAEL

Dr. Hassimi Abu Hassan, Universiti Kebangsaan Malaysia, MALAYSIA

Dr. Hung - Suck Park, University of Ulsan, SOUTH KOREA

Dr. Jutamas Kaewsuk, Mahasarakham University, THAILAND

Dr. Kazuho Nakamura, Yokohama National University, JAPAN

Dr. Meguru Kaminoyama, Yokohama National University, JAPAN

Dr. Shiao-Shing Chen, National Taipei University of Technology, TAIWAN

Dr. TVN Padmesh, Manipal International University, MALAYSIA

Dr. Mahesh Ganesapillai, Vellore Institute of Technology, INDIA (Conference Chair)

LOCAL ORGANISING COMMITTEE

Dr. Mahesh Ganesapillai, (Conference Chair and Trans-Asia Programme Committee)

Dr. Aruna Singh (Conference Co-chair and Joint Organising Committee)

Dr. Govardhan K. (Events Lead)

Dr. Sudandiradoss C. (Technical Lead)

Dr. Vijayalakshmi (Communication Lead)

Dr. Tirumalini Selvaraj (Social Lead)

Dr. Aslam Abdullah (Finance Lead)

JOINT ORGANISING COMMITTEE

Mr. Charles David, Indian Institute of Technology Madras, Chennai, INDIA

Dr. Shivendhu Ranjan, Scientist, DST- Centre for Policy Research, Lucknow, INDIA

Dr. Saikat Sinha Ray, Ulsan National Institute of Science and Technology, SOUTH KOREA

Ms. Sharadha Priya, Vellore Institute of Technology, Vellore, INDIA

Ms. Sanjena Damodharran, Tsinghua University, CHINA

Mr. Gokul D, Indian Institute of Technology Madras, Chennai, INDIA

Mr. Naresh V, Tamil Nadu Water Investment Co.Ltd, Tamil Nadu, INDIA

Mr. Anant Yadav, BITS - Pilani, Goa, INDIA

Mr. Rahul Upadhyay, Indian Institute of Technology Gandhinagar, Gandhinagar, INDIA

Mr. Vivek B, Centre for Water Resources Development and Management, Calicut, INDIA

Dr. Aruna Singh, Vellore Institute of Technology, Vellore, INDIA (Conference Co-chair)

ADVISORY COMMITTEE

Dr. Jakub Drewnowski, Politechnika Gdańska, POLAND (Chair)
Dr. Alper Baba, Izmir Institute of Technology, TURKEY
Dr. Bahri Akiça, National Agricultural Institute of Tunisia, TUNISIA
Dr. Banu Ormeci, Carleton University, CANADA
Dr. Despo Fatta-Kassinou, University of Cyprus, CYPRUS
Dr. Edevar Luvizotto Junior, University of Campinas, BRAZIL
Dr. Eric D van Hullebusch, Institut De Physique Du Globe De Paris, FRANCE
Dr. Eric Lichtfouse, Aix-Marseille University, FRANCE
Dr. Franz-Bernd Frechen, Universität Kassel, GERMANY
Dr. Giusy Lofrano, Università degli Studi di Salerno, ITALY
Dr. Gürkan Sin, University of Denmark Lyngby, DENMARK
Dr. Hideaki Yoshitake, Yokohama National University, JAPAN
Dr. Inês Lousinha Ribeiro Breda, Aalborg University, DENMARK
Dr. Juan M. Peralta-Hernandez, Universidad de Guanajuato, MEXICO
Dr. Kalanidhi Vairavamurthy, IWA Headquarters, NETHERLANDS
Dr. Konstantinos Simeonidis, Aristotle University of Thessaloniki, GREECE
Dr. Kuswandi B., University of Jember, INDONESIA
Dr. Mohan S., Indian Institute of Technology Madras, INDIA
Dr. Motasem Saidan, University of Jordan, JORDAN
Dr. Murugesan Thanabalan, Universiti Teknologi Petronas, MALAYSIA
Dr. Nguyen Cong Nguyen, Da Lat University, VIETNAM
Dr. Nirmala Gnanasundaram, Vellore Institute of Technology, INDIA
Dr. Palsiri Srirungruang, Metropolitan Waterworks Authority, THAILAND
Dr. Rajib Maity, Indian Institute of Technology Kharagpur, INDIA
Dr. Ramachandran K. P., National University for Science and Technology, OMAN
Dr. Ramesh S. V. Teegavarapu, Florida Atlantic University, USA
Dr. Renato Morbidelli, Università degli Studi di Perugia, ITALY
Dr. Rimuka Dzwauro, Durban University of Technology, SOUTH AFRICA
Mr. Sampath Dayaratne, Ace Property and Business Consultants (Pvt.) Ltd., SRI LANKA
Dr. Sreekrishnan T. R., Indian Institute of Technology Delhi, INDIA
Dr. Teik Thye Lim, Nanyang Technological University, SINGAPORE
Dr. Tiziano Zarra, University of Salerno Fisciano, ITALY
Dr. Tyhra Carolyn Kumasi, Community Water and Sanitation Agency, GHANA
Dr. Vincenzo Naddeo, University of Salerno, ITALY
Dr. Yan-Fang Sang, Jilin University, CHINA
Dr. Yanchen Liu, Tsinghua University, CHINA
Dr. Zhiwei Wang, Tongji University, CHINA
Dr. Zuo Jiane, Tsinghua University, CHINA
